Legend of The Knight

Since medieval times, the Knight has represented honor, valor, loyalty, and chivalry. His shining armor was worn with pride. Each piece of it had a symbolic meaning. The golden spurs symbolized diligence; the spear, truth and strength; the helmet suggested modesty. The shield protected the Knight's body, so he in turn used his own body as a shield to protect his lord. The sword represented protection of the helpless. The Knight's charging horse, carrying him to battle, was his fireless and devoted friend. In tournaments, his endurance athletic ability, and sportsmanship were always evident as he fought to win honors for his favorite lady.

Though formal Knighthood is no longer in existence, the qualities that it represented are as applicable today as they were in the Middle Ages. These objectives of Knighthood respect for church, truth, bravery, obedience, courtesy, service, sports participation, aid to others, and a quest of knowledge--should be incorporated by the students into their very being. When these things have become a part of their lives and actions, they will be prepared to accept with pride the accolade given as the final preparation for Knighthood. Then, they will be ready to accept the charge, "Be brave, ready, and loyal," as they officially become Knights of Woodlawn.

Woodlawn High School

This new, modern $2,500,000 structure, though silent until September, now echoes with the footsteps of those in training for knighthood. Woodlawn, Shreveport's first public white high school in 32 years, is more than a mere school—to us who dwell here it is

. . . our Castle

Inside our castle walls are furnishings of distinction and beauty. Here we learn to be "serviceable," obedient, and courteous. It is here that we become a Woodlawn Knight.

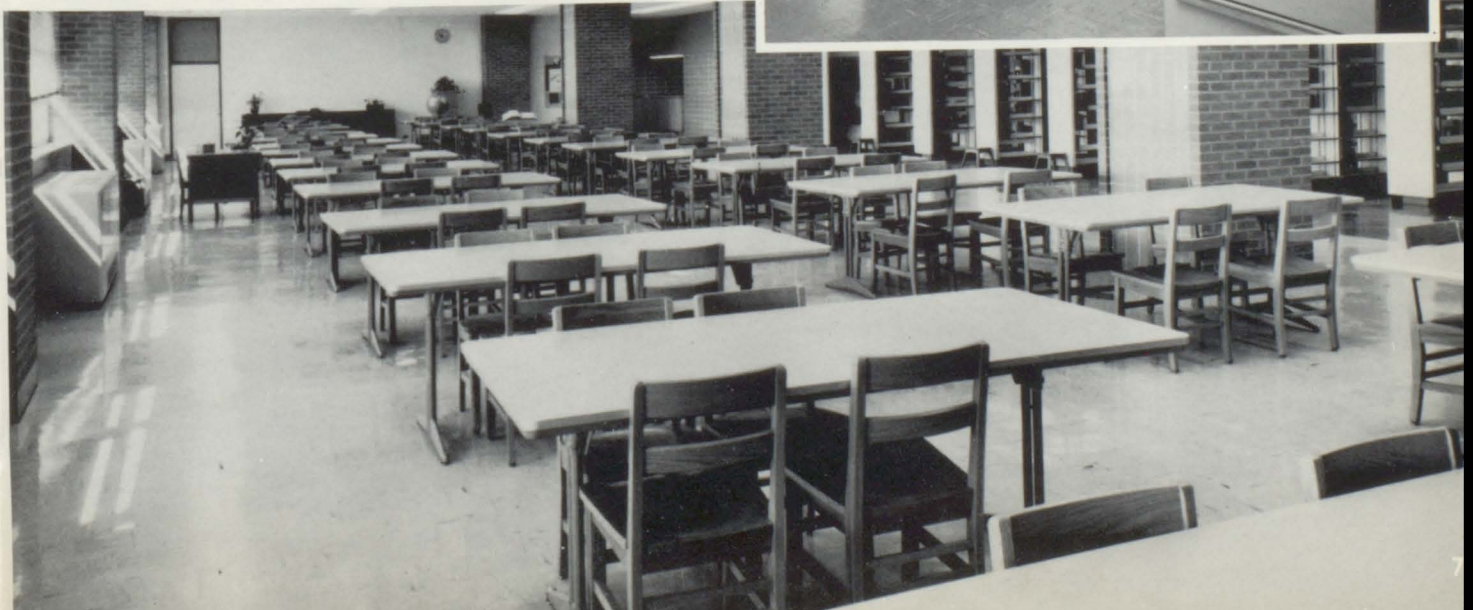

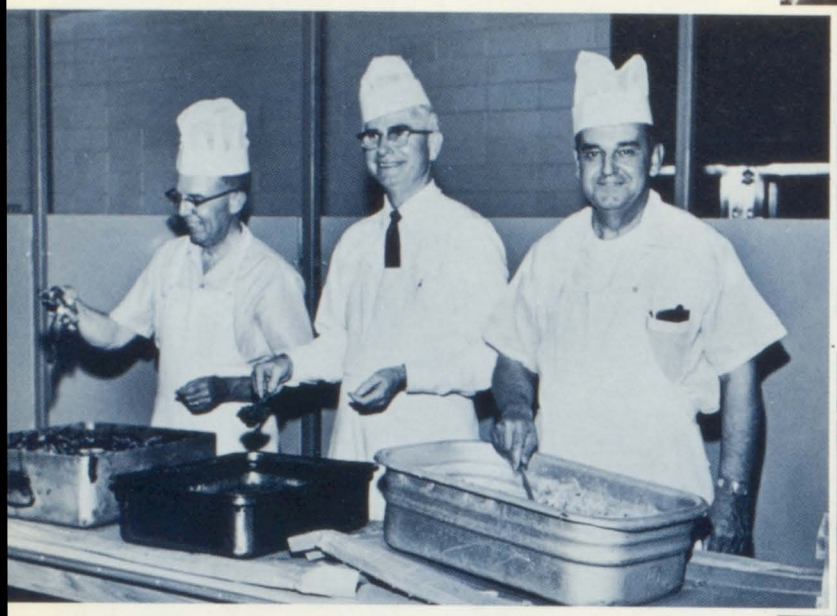

People came at various times to view our lodgings and courtyard to let us know that they wish us well. They came, they saw, and they rejoiced that their youngsters have such fine facilities for training.

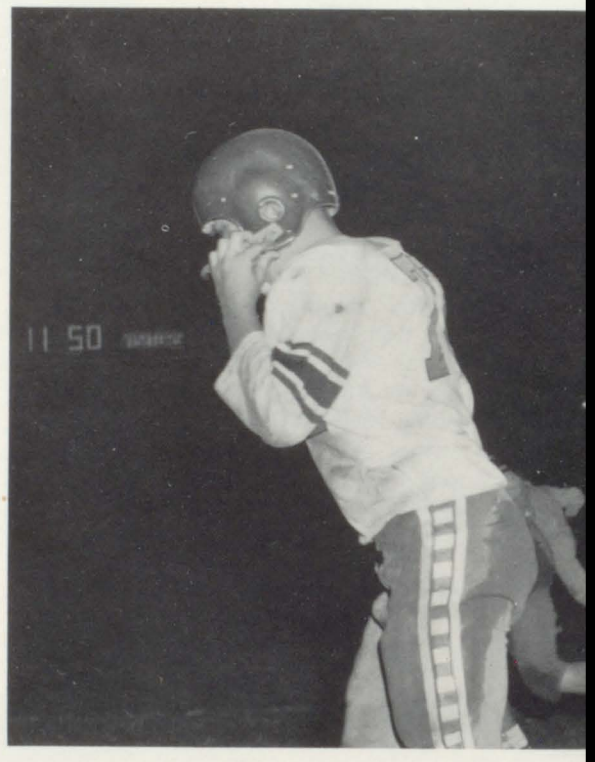

Formal training began on September 6, 1960, as eager feet marched into the auditorium, and school was declared officially opened. With its opening, we had a clean slate on which to write the history of our school.

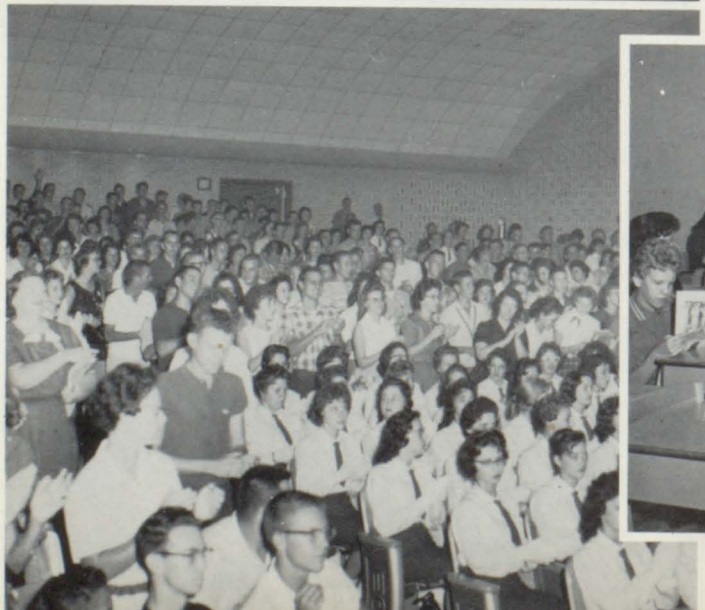

Memories, achievements, and traditions are built through school activities. Many unforgettable events of this our first school year already have a special place in our memory.

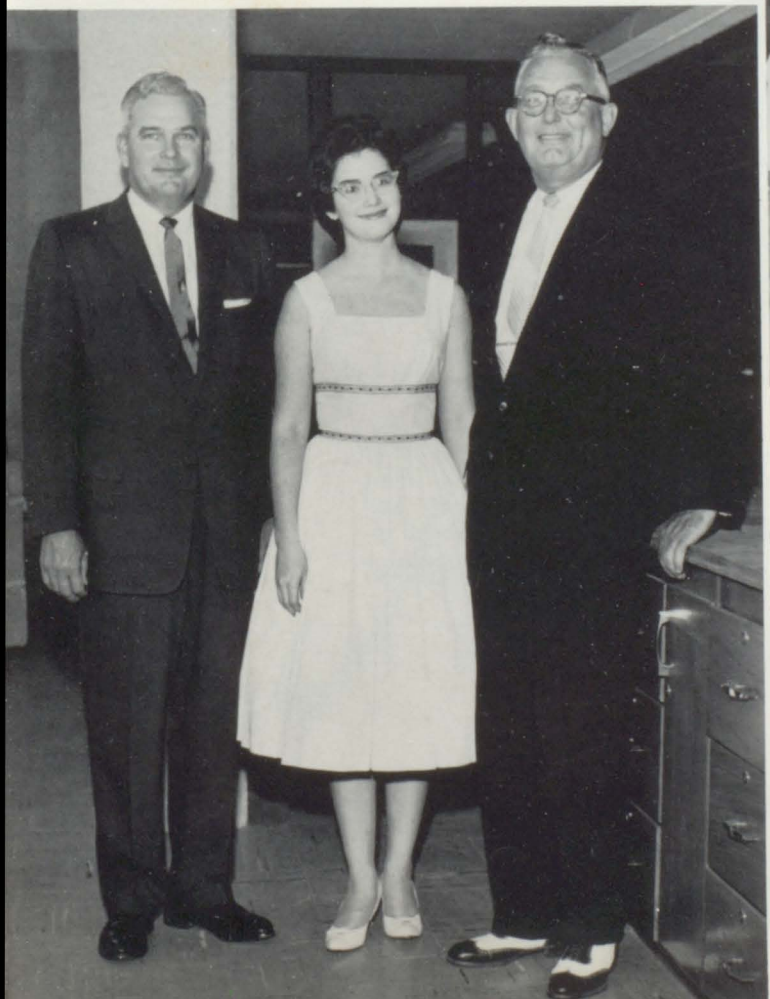

"We have no reputation to live up to. It is ours to build," said our Student Council President on opening day. And so we began to build. History will record in years to come how successful we were in winning trophies, glorious victories, and training for service.

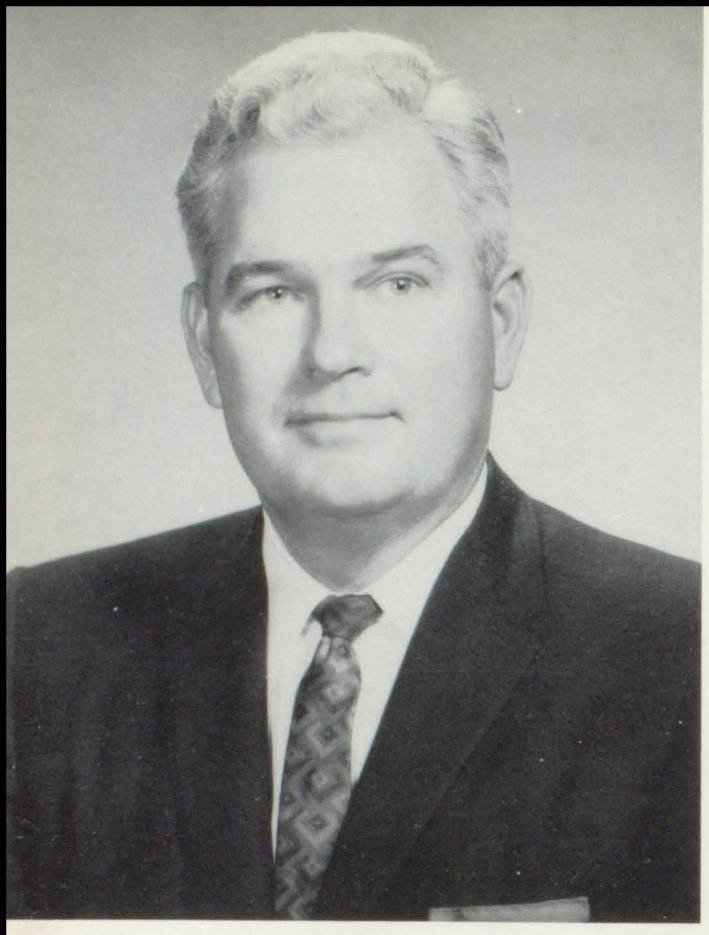

The teachers of Woodlawn are a dedicated group striving to train their students to appreciate truth, to encourage them to wear the helmet of faith and to take up the cloak of wisdom and knowledge. These lords and ladies are making a determined effort to strengthen the will of the student in the pursuit of a better life.

Curriculum

Preparation for Future Professions

A student may be well prepared for a future vocation in the commercial department of our school. Valuable skills are learned in the courses offered. One who majors in business in high school has enough training to hold many jobs in the business world.

Typing students are reminded daily to strive for speed and accuracy.

One of the essentials of bookkeeping is learning to make and understand financial statements.

Filing is one of the many secretarial duties learned in office practice.

Shorthand is a skill that requires much practice.

Developing Skills and Talents

Fine talent and ability are discovered in a subject such as art. It brings out the creative while following the principles of design, form, line, texture, and color. Our art students cover designing, landscape sketching, portrait painting, modern arts, and many other fine arts. Students also learn to weave their own designs and to work with commercial arts.

To go hand in hand with math, science courses answer many of our puzzling questions such as "What makes a bell ring?" and "What keeps us from falling off the earth?" At WHS you can learn answers to your questions by taking some of these courses.

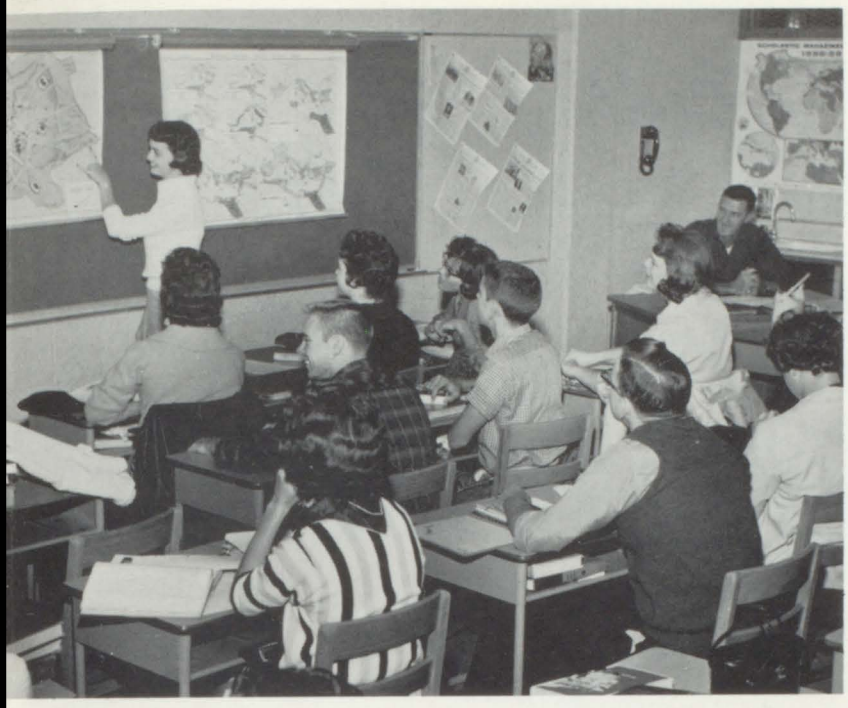

Math and Science Help Solve Problems

Elaine Cantrell points out a section of ancient Rome to Coach Calvert's world history class.

We live in a world where space and time are most important, and places are brought closer together by jet power and television. Because of these facts, our citizens must have a vast and comprehensive knowledge of events, countries, people, systems of government, and economic organization. The teachers in the social studies department at Woodlawn teach us of these timely things.

Past . . . Present . . . Future as Seen Through History

Miss Coffey discusses the coming presidential election with her American history class students.

Larry Jamison and Patsy Knox are comparing notes in Mr. Lummus' civics class.

Crafts Show Ability

Ben Bryan and Gene Marks are demonstrating their skills on the platen presses by printing up hall passes.

In courses such as mechanical drawing, woodwork and printing, students learn the art of precision and creativity. At Woodlawn, students are taught these subjects by skilled teachers. Working with metal, leather, and wood is covered in industrial arts. Mechanical drawing stimulates the interest of the students to further their knowledge in mechanical engineering.

Band Director

Concert Band

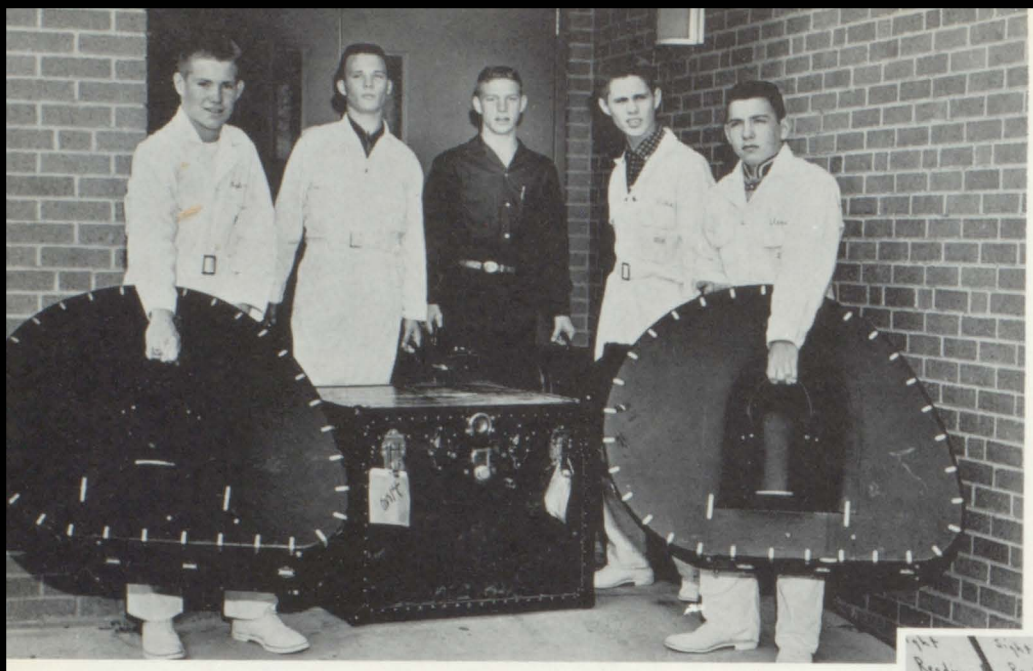

The Woodlawn High School Concert Band is proud of its progress in its first year. Before our school was opened, the band was organized and rehearsals began. Two months of intensive drill in marching and playing fundamentals preceded the opening of school in September. On Monday before school started we had our first performance at the South Shreveport Fair. Since then the band has performed at football games, pep rallies, parades, and has given several concerts, in addition to performing with the NDCC.

Rich, Carey Errington, Anne Hudson, Earl Timmons, Mac Smith, Troy McGee, Chester Varnell, Gene Parks, Bobby Simmons STANDING: Maurice Hendrix, Linda Sayers, Linda Valentine, Eugene Westin, Jimmy Prock, Paul Duncan, Tommy Pease, Marilyn Chapman.

Drum Majors

Gloria Reedy and Kenneth Taylor are responsible for the excellent way in which our band has performed in rehearsal as well as on the football field. The Drum Majors were selected from candidates before school started. Since that time many hours of hard work and preparation have gone into their performances with the band. The Assistant Drum Major, though he may never perform, must know every show in case the drum major is absent. The Drum Major is in complete charge of the band in rehearsal and performance.

When the band travels, instruments must be packed and cared for. This is the job of the loading crew, under the supervision of the Quartermaster. These instruments represent an investment of thousands of dollars, so the loading crew must know how to handle and keep accurate account of them. These boys are the "work horses" of the band. The success or failure of every trip depends upon their being able to handle the job of transporting the equipment the band uses.

Every member of the band must have music, and each instrument has a different part. This is the Herculean task performed by three little girls. There is no glory or glamour to their work, but the band could not perform without them.

The sergeants, in charge of the captain, are responsible for the behavior and appearance of the band. At each performance and rehearsal these people check to see that every member of the band has his equipment and himself in tiptop condition. This job is a true test of leadership.

The orchestra program offers an opportunity to play a stringed instrument. This picture shows a cello section rehearsal. Students learn to play and to understand more about the orchestra. It is possible for better students to play with the Shreveport Symphony, as does one of these.

The cadet band is designed for students wishing further training on their instrument before trying out for concert band. Also if they wish to change instruments, they begin in this class. Here the fundamentals of harmony, rhythm, and techniques are taught.

A sophomore enters Woodlawn as a page, whose one desire is to train himself properly. Having been thoroughly trained in service, obedience, and courtesy he becomes a junior or a squire. As a squire, he tries with devotion and integrity to master the problems placed before him. He is taught to be agreeable and courageous. Having passed the test, he enters the final stage of training as a senior. When he reaches this point, he has already been tried and tested in numerous encounters. Having been long trained to proper scholastic conduct, the knight comes to graduation bearing himself with confidence and maturity. Here he realizes that the end of his training is only the beginning of living.

The knight of the Middle Ages desired nothing greater than to have a mission through which he could serve God, his country and his fellow man.

The Woodlawn Knight finds opportunity for such a mission in extracurricular activities. These provide a channel through which he can share the treasures of his education. Through group participation he, as a knight, can perform acts of mercy by steadying those who are unsure, supporting those who falter, instructing those who are uninformed, and guiding those who know not the way. By contributing his talents and skills to aid others, he is performing a great scholastic mission—a mission which is only a prelude of what is to be.

The student council is an organization of students, elected by students, to serve as their official representatives in all matters of concern to the entire school. It is somewhat comparable to a state legislature or to a congress in that the representatives of the people (or the students) are elected to represent them and to speak for them.

Although this was the first year of the Woodlawn Student Council, its members have undertaken many worthwhile projects. Among these were: Operating the school store, conducting Chapel services, presenting Homecoming, and the Knights' Ball and initiating the Honor Roll. The members of the Student Council attended the State workshop, State Convention, and conducted a workshop here at Woodlawn.

The sponsor of the Student Council this year was Mrs. Katherine DeMoss.

Silvia Arnold, Treasurer of the Student Council, manages the school store. She keeps it stocked and checks to see that it is kept in order. Silvia also checks on the student workers. Many hours are spent in keeping the books straight.

Excitement reigns as the WOODLAWN HERALD is sold during first period every six weeks. Although Mrs. Lawson, HERALD advisor tabs the crew as a whole "inexperienced," they have done a wonderful job of bringing news to the students and faculty this year.

Composed of thirteen regular members, the HERALD staff meets each day during class period and plans the next edition.

Cheryl Smith, HERALD Editor-in-Chief, and Mrs. Lawson, Advisor, look over the latest edition of the paper.

Alice Anne Ragsdale and Silvia Arnold look through yearbooks to get some ideas for layouts for the ACCOLADE.

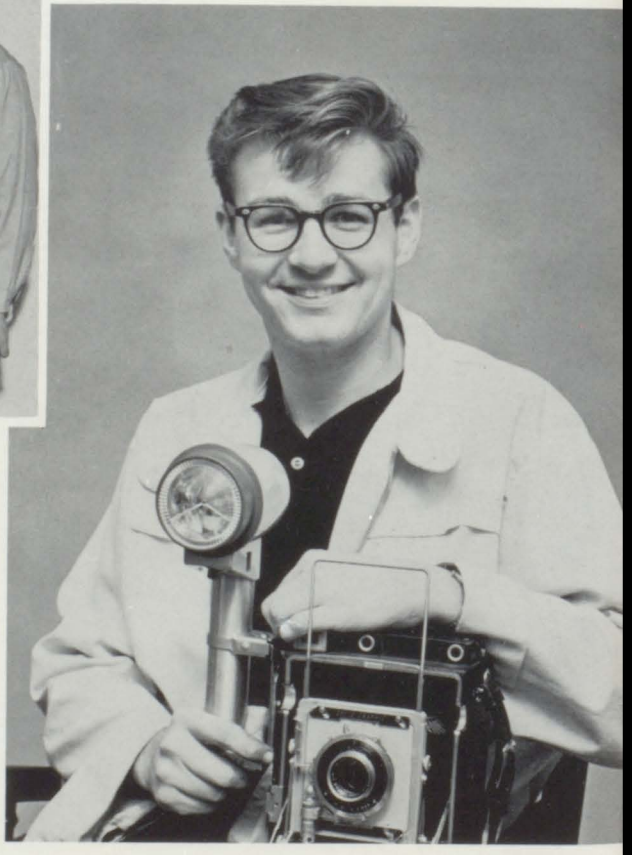

Many hours of planning, picture taking, writing, drawing, typing, and worrying go into the making of a yearbook. It is a job that is tremendous, but one that is rewarding.

Seventeen people have contributed their talents to make a pictorial record of events that happened during this, the very first year in Woodlawn's history.

Those who possess a copy of the 1961 ACCOLADE will, we hope, cherish it dearly. For in years to come they can say with pride, "I have a first edition."

A very important part of the ACCOLADE is the Advertising Section. The group responsible for this section does a lot of work which we often do not realize.

The ACCOLADE Ad Staff, sponsored by Mrs. Nell Hedges, is composed of fifteen members. Girls who apply for this staff are checked for grades and background. Each girl is required to sell a minimum of $75 in ads. The girl who sells the most ads at the end of a set time becomes the manager.

Circulation Staff

Keeping an accurate file of students' orders for yearbooks is an important job Jimmy Journey oversees in the circulation filing room.

The ACCOLADE Circulation Staff, working under Advisor, Mrs. Sarah Williams, sells and distributes yearbooks. Meeting the first period of each day, the circulation staff advertises the yearbooks and collects money for subscriptions. These students, after filling in an application at the first of the year, were selected by Mrs. Williams.

Checking, re-checking, and checking once more is necessary to make student, teacher, ACCOLADE, and office records balance properly. Mrs. Williams aids staff members in checking their files.

Mrs. Josephine Allen serves as advisor for the Junior Red Cross.

All students in our school are enrolled in the Junior Red Cross, but each homeroom elects a representative and an alternate to attend the called meetings. This organization renders service to the school, youth, and community through its projects. They sold mums for the homecoming game, compiled the student directory, and had a talent show for the Veteran's Hospital. Two officers will attend the leadership training camp at Bunkie, Louisiana, this summer along with Junior Red Cross members from all over the state.

Requests for tray mats and favors for Barksdale and Veteran's Hospitals are channeled through the Junior Red Cross to the Art Department. Shown are Marie Gunn, Elaine Cantrell, Ruby Austin, Dorthy Newton, Helen Dougherty, and Ginger Hall making Valentine's Day tray mats.

Publicity and sale of the student directory was aided by Marvin Hailey, Marilyn Stevens, Lynda Bradley, and Edwards Walker by making posters and contacting homeroom classes.

Youth needs something for inspiration, and that something can be found in the world of sports. Friendly competition has kept alive many traditions that represent the chivalry of the Middle Ages. A participant in the tournament arena feels a personal challenge in each contest. It is here that one's endurance, integrity, sportsmanship, and desire for fair play are seen. It is here that youth is taught to be humble in victory or to be gracious in defeat.

It is a rare thing when a new football team comes into being. But such a rarity occurred in the summer of 1960 when Woodlawn, Shreveport's new high school, organized its first team. The AAA team played a full schedule in its first season. The Knights did not know the taste of victory this year, but the youngsters had plenty of spirit. The gallant young Knights charged into battle with no past record and only one veteran—a transfer from Magnolia, Arkansas. The lineup was dominated by untested sophomores. Team members were inexperienced but hard-hitting, and they often won the hearts of spectators on both sides of the field because they kept charging in the face of stiff competition. As the season progressed, they showed tremendous improvement despite a record of consecutive setbacks.

The coaching staff spent hours after practice and on week ends giving pointers to many of the boys on how to improve and gave encouragement in the darkest hours. Sport writers throughout the city called the boys the "scrappy Knights of Woodlawn."

Though the team did not attain success as most people measure success—a winning season—they did show that they have a desire and a determination and will keep charging until victory is won.

Prospects for the future are very good as the hustling young Knights laid the groundwork this year for a winning team.

Jim Smith made All-City Second Team and Honorable Mention was given Claude Carrigan, Barry Hicks, Don Page, Tommy Linder, and James Rice. Twenty-three squad members lettered.

WOODLAWN 0 WEST MONROE 44

Woodlawn emerged the loser in its history-making grid debut but held West Monroe to a 44-0 win over them. The Knights marched onto the field with only six seniors on the squad. Tommy Linder, who showed up well, broke loose in the second half and was on the way to paydirt when he was caught from behind.

WOODLAWN 0 FAIR PARK 26

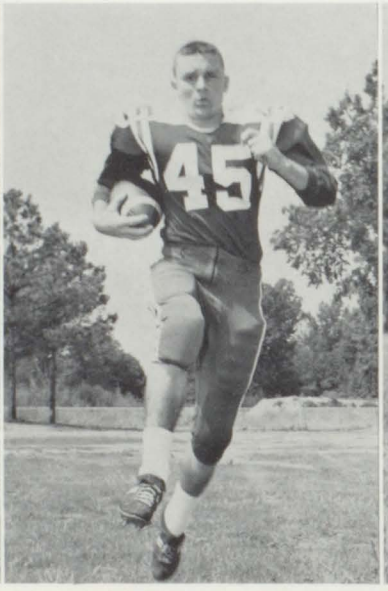

The Knights made their first appearance before local fans when they played Fair Park. Though the outcome was in the Tribe's favor, 26-0, the Woodlawn squad never let up and they made a lasting impression on the spectators. Twice in the second half the Knights drove inside the Tribe 20.

WOODLAWN 0 OUACHITA 33

Our team entered this game against an unbeaten, unscored-on eleven. The Knights held Ouachita to a single touchdown in the first half, but they fell apart in the second half and allowed the Lions to make five touchdowns to defeat us 33-0.

WOODLAWN 0 SPRINGHILL 19

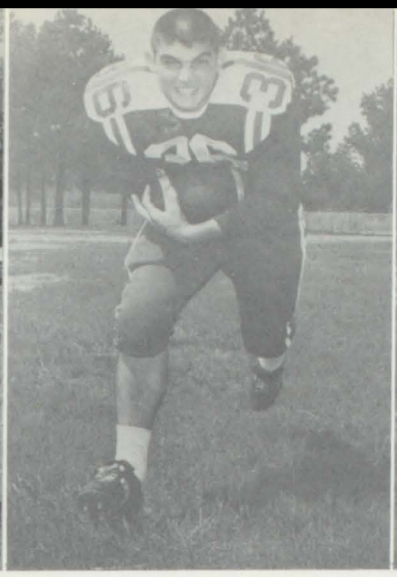

In Springhill's homecoming game, Woodlawn battled the Lumberjacks to a 0-0 tie at half time. However, the Knights let up in the second half and were defeated 19-0. Sophomore fullback Tommy Linder, and quarterbacks Ronnie Mercer and Joe Geter sparked the night on defense.

WOODLAWN 6 BYRD 52

James Rice brought glory to the Knight team by scoring its first varsity touchdown as he ran 57 yards through the Byrd line to score. Byrd defeated us 52-6, but Rice and Jay Gould showed up good on offense. Paul Clark made several spectacular tackles to show up favorably on defense.

WOODLAWN 0 MANSFIELD 12

Woodlawn's first official "home" game was opposite the Wolverines. The Knights showed a hustling defense and end Barry Hicks and center Jerry Downing turned in good performances. Hicks, Carrigan and Saffel turned in key defense plays to stop Mansfield drives less than 10 yards from paydirt near the end of the game. They held Mansfield to a 12-0 decision.

WOODLAWN 13 JESUIT 18

Woodlawn made a fine team effort in this game by scoring a second touchdown with just 32 seconds left in the first half to grab a 13-6 lead against Jesuit. These two lightning-like touchdowns set the Flyers back on their heels, and they were forced to come from behind with two long distance runs for an 18-13 verdict over us.

Lane Saffel was also a letterman, but no picture of him in uniform was available.

WOODLAWN 7 HOMER 19

Early in the game Homer fumbled the ball giving Woodlawn the pigskin on the Pelican's 16. A 14 yard pass from Joe Geter to Bill Hicks put the Knights out front 7-0 in the first period. Homer, scoring once in the second quarter, had a scoreless third quarter, but broke the game open with two quick touchdowns in the fourth period to hand Woodlawn a 19-7 setback.

Bobby Glasgow runs over for an extra point against the Bossier Bearcats.

Tommy Linder throws a body block for Ronnie Bass against Ouachita.

WOODLAWN 13 BOSSIER 39

The Woodlawn Knights, winless in their inaugural grid campaign, closed its first season against Bossier City with a loss of 39-13. The Knights scored twice during this battle with Tommy Linder, a hard charging fullback, carrying the ball both times. The passing work of quarterbacks Billy Laird and Joe Geter was a big factor in both scores. Bobby Glasgow ran for the extra point.

The first Knights' basketball team in the history of our new school proved to be an inspiration to the students and friends of Woodlawn. A spirit of get-up-and-go characterized the team throughout the season. Team members showed plenty of hustle and speed and made an overall good impression. Final tabulations show that the team won 10 of the 24 games played. Some highlights of the season were upset victories over Byrd, Bossier, and North Caddo.

Our team boasts Woodlawn's first contribution to All-City ranks in any sport. Charlie Williams, city-scoring champion with 449 points, unanimously made All-City First Team. Charlie, also voted Outstanding Player, averaged 18.7 points in 24 games. In addition to these honors, he made Bossier City All-Tournament Team. Jimmy Kneipp made All-City Second Team and averaged 11.9 points per game. Honorable mention was won by Johnny Smith.

Fun, friendship, and hard work typify members of the Woodlawn Lancerettes. Daily practice during the last months of the summer prepared members for the coming school year's sports activities.

Approximately 94 members, divided into five companies, make up the Lancerettes. The activities undertaken by the group this year included participation at all football games, all home basketball games, and a variety show to raise funds for drums for next year.

The activities of the Lancerettes were under the direction of the faculty advisors, Miss Abston, Miss Dixon, and Mrs. Plummer. As a result of the time and effort contributed by these faculty leaders, the pep squad made many appearances and received numerous compliments.

Activities of

Pep Squad

The cheerleaders and pep squad have worked hard this year combining their efforts to promote school spirit. During football season, they cheered the players on by leading the students in songs and cheers at the pep rallies and games. They continued their enthusiastic leadership at all home basketball games. Their support did much to encourage the never-say-die spirit of the Knights.

and Cheerleaders

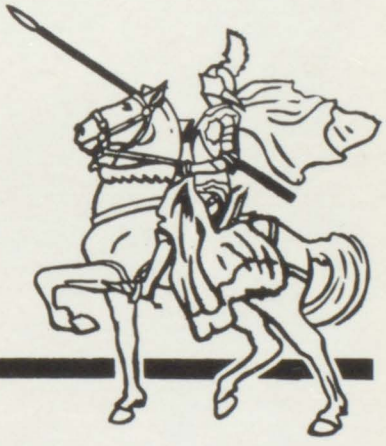

The accolade was given in Medieval days as the final step in making one a knight. Today, as then, it indicates that one has achieved recognition and that he deserves reward. As Woodlawn's symbol of achievement, the accolade is given to one who wins acclaim because he possesses outstanding qualities.

These featured students, having blended the objectives of knighthood into their character, have been selected by the student body to receive the school's highest elective awards. To these are given Woodlawn's accolade.

Pageant of the Accolade

February 17, 1961

In a colorful setting for the Court of the Kingdom of Woodlawn, the traditional Pageant of the Accolade was inaugurated.

Amid this splendor and pageantry, the Accolade of Knighthood was conferred by King Charlie Williams and Queen Carolyn Davidson on Sir Jimmy Daly, Sir Barry Hicks and Sir Mike Sweatt. These seniors were knighted because of their service, valor and loyalty. Following the ceremony, entertainment was presented before the court in honor of these Knights.

The celebration of this pageant continued with the presentation of the court at the Knights' Ball which followed the pageant.
